### Description

This LED beacon is suitable for plug base form A Ø 24 mm acc. to DIN 72591. The lights can therefore be simply plugged-in to a fixed base on the vehicle or a telescopic mast when required. The yellow flashing light is used for warnings about danger.

You can operate the lights with an operating voltage of 10-30 VDC. Additionally the warning beacons conform to ECE R65 E04 006598 as well as ECE R10-04 and thanks to the LED technology are extremely long-lasting.

The lights emit 120 double flashes per minute. Thanks to its protection class IP 67 and a temperature range of -40 to +70 °C, it is ideally suited for operations outdoors.

The height is 198 mm, the diameter is 149 mm.
