## Description

The pump dispenser is filled with 3 litres of hand cleaning cream and has a holder to fix it onto the wall.

The gentle hand cleaning cream with natural rubbing agents is used to remove oils, grease, tar, bitumen, paint, printing inks, etc. Cleans deep into the pores with natural oil replenishment (coconut oil-based).

Application: Rub the hand cleaning cream into dirty, dry hands until the dirt dissolves. Add a little water, wash thoroughly and rinse well. Use the hand cleaning cream sparingly. One pump from the dispenser is enough to thoroughly clean the hands.

The pump dispenser can be refilled with item 801010017.
