Description

The car fire extinguisher 2 kg is a powder fire extinguisher for fire classification A, B and C and distinguishes itself through a high degree of functional security on account of the inset pressure cartridge. It is specially designed for carrying in cars, mobile homes and motor boats. The car fire extinguisher is easy to operate and quickly ready to deploy. The fire extinguisher is operational between -30° to +60° Celsius and has a diameter of 108 mm. The car fire extinguisher is the quickest first responder when fire breaks out in your vehicle.
