Description

The divider set 4F subdivides the L-BOXX 136 G4 into four subsections. Larger tools and work utensils can be securely stowed away and transported in the subdivided compartments. The subdivision provides for enhanced organisation and, as a result, saves time, since there is no more need for lengthy searching. Your materials are always clearly sorted, thus preventing you from forgetting expensive tools or machinery. This structured method of working is guaranteed to simplify your working day, at the same time as impressing your customers.
