	1000002455	ProSafe bungee strap 1000 mm incl. 2 hooks	SGPS 1000	4045294243234

Description

The wall holder for the Alucaddy is a practical accessory with which you can stow away the AluCaddy both securely and correctly in your vehicle. It is inserted into the wall fixation in a folded up state. It is recommended for additional fixation of the upper part of the AluCaddy to install two ProSafe single lashing points (Ref. No. 6000001231), with combined fixation by means of the ProSafe bungee strap (Ref. No. 1000002455).

As a result, your AluCaddy (Ref. No. 801014905) is tidied away and secured during transit and serves as a practical helper for the transport of WorkMo modules, heavy BOXXes or bulky freight at your place of operation or in the workshop.

The mounting material is not included with delivery.
