Technical data

Weight: 0,82 kg

Description

The tool card can be inserted into the lid of the L-BOXX, transforming them into fully functioning tool cases. The front part of the tool card can be folded out towards the front, providing you with 3 surfaces for storage of tools. The rubber loops and pockets provide optimum storage options for tools, such as screwdrivers, pliers and much more. Your tools are always to hand and you can check that your tool set is complete at a glance. This structured method of working is guaranteed to simplify your working day, at the same time as impressing your customers.

The tool card can be perfectly combined with accessories such as foam insert, the shaped inserts, or dividers.
