Description

The T-BOXX 320 including 45 insetboxes H31 contains an intermediate floor for organisation on two levels (upper insetbox equipment: 22x insetboxes 1x1 H31, 11x insetboxes 1x2 H31; lower insetbox equipment: 12x insetboxes 2x2 H31). This means the space in the T-BOXX can be ideally used to store a large number of different small parts.
