### Description

This module is equipped with eight service case rails which can in turn be equipped with L-BOXXes or metal cases as desired. One possibility is equipping with a maximum of one L-BOXX 102 and three L-BOXXes 136 or the variant with a maximum of one metal case 330 and three metal cases 340. The service case rails have a locking function integrated, which prevents the BOXXes and cases from slipping out uncontrollably. The BOXXes or cases must be lifted slightly to remove them.
