## AutoAssistant

Material no.: 6000013410 | Matchcode: AAS 2.0 | EAN code: 4045294845735

### Description

The Auto-Assistant serves as a practical surface for writing on, an organisational aid for documents, and for storing various office equipment. Thanks to its open storage pocket for folders, brochures or drinks bottles up to 1.5 L and the integrated pen holder, everything important in the vehicle is always at hand. There is more storage space under the lid. The lid also serves as a surface to write on and a clip allows you to quickly hold notes in place. The generous storage compartment can be divided into a maximum of three areas using the dividers provided.

The Auto-Assistant can quickly and easily be installed in the vehicle using the three-point seat belt. This means it can be used on any seat in the vehicle which has an appropriate seat belt – including in the rear compartment. The Auto-Assistant is also ideal for private use (e.g. in the centre of the rear seat). There's space for everything, from colouring books to toys, which you might need for a relaxed trip with the little ones.

Slots located on the belt guide are used to attach ProClick Tool bags, which can be used to flexibly extend the Auto-Assistant. The tool bag can be quickly and easily kept in its own tidy place after work and is immediately available for its next use.

The Office Organizer (Ref. No. 6000013636) is the perfect addition to the Auto-Assistant. Attached to the headrest, it offers extra storage space for documents and work tools.
