Description

The ProClick equipment bag lets you securely store and transport your smartphone or other sensitive devices, like meters, on your body using the ProClick Holder or any other ProClick interface.

A connecting cable passes through an opening on the underside of the bag enabling you to charge your smartphone, etc. in the bag as well.

The interior dimensions of the bag are: 16 cm x 9 cm x 2 cm.

The ProClick Equipment Bag can be combined perfectly with the ProClick Holder on the tool belt. Now you always have your smartphone or meter to hand. The equipment bag can also be used as a smart storage system on all SR5 and Globelyst4 van racking system ProClick interfaces, as well as on mobile transport solutions, such as the C-BOXX, ProClick Tool Holder or AutoAssistant.
