ProClick hammer holder S

Material no.: 6000015241 | Matchcode: PC HH S | EAN code: 4014599453549

Description

The ProClick hammer holder S means that your hammers or other short-handled tools are stored and always within reach. Apart from the swivelling hammer holder, it also includes two pen loops and a coil loop to attach a carabiner. Tools can be inserted into the hammer holder either from above or also conveniently from the front by pushing apart the two spring-loaded wings. It is therefore all-purpose and can also be used for other tools and equipment, such as ear protectors.

The hammer holder can be combined perfectly with the ProClick Holder on the tool belt. Now you always have the tool you need to hand. The tool hammer holder can also be used as an intelligent storage system on all SR5 and Globelyst4 van racking system ProClick interfaces and also on mobile transport solutions, such as the C-BOXX, ProClick tool holder or on the AutoAssistant.
