Description

The ProClick craftsman case M is the ideal solution for everyone who wants to transport their work equipment safely, and in an organised and convenient manner. It is equipped with a sturdy 2-way zip, a padded handle and a practical shoulder strap, providing maximum comfort and flexibility - perfect for use in the widest variety of sectors.

The spacious main compartment and the large number of internal and external drawers ensure optimum organisation of your tools and accessories. Straps and rubber cord loops provide additional holding facilities, whilst the integrated laptop pocket provides space for your technical equipment - ideal for professional service personnel who like to be equipped in the best possible manner on their travels.

An additional highlight is the compatibility with the ProClick and L-BOXX - system, facilitated using the integrated L-BOXX connecting clamp on the sturdy plastic floor and the mounts for ProClick Holders. This function makes the tool bag an indispensable companion for all who value seamless integration in existing transport and storage systems.

This tool bag ensures that you always have everything you need immediately to hand - in a sophisticated, professional and durable manner.
