Xpress 12 Block-M2-RE-Pro UK

Material no.: 1000019721 | Matchcode: XPRESS 12 UK | EAN code: 4014599654007

Description

The loading space of the vehicle is ideally used with the SR5 concept. The compact side profiles require considerably less space than the frame construction of conventional van racking systems. In addition, ProClick is compatible with the side profiles so that tool bags or SR5 accessories can be hooked into the ProSafe perforations without using tools. Variation in the component depths and installation position means that the van racking system ideally adapts to the contour of the vehicle.
